The owner of the dam identified above agrees 70 days after the breeding, remaining breeding will be paid on successful breeding.

The complete stud fee must be paid to the stud dog owner before the stud dog owner will sign the AKC litter registration application.

NOTE: The American Kennel Club takes the position that the owner of the sire is required to sign an application to register a litter certifying only to the fact that a particular dam was bred to the sire identified on the Litter Registration Application form on a specified date of mating, unless there is an agreement signed by all parties concerned in which it is specifically set forth that the owner of the sire is not obligated to sign an American Kennel Club litter registration application form until such time as the stud fee has been paid.

2. One or more live puppies, seven days old, constitute a litter. If you have a single puppy, stud fee is reduced to 50%
3. If a successful litter does not occur, the Dam owner must inform us within 70 days of the breeding and any stud fee already paid (excluding shipping fees) will be credited towards a future breeding. Breeding can be to a different stud or Dam. We do not offer refunds for unsuccessful matings.
4. All of our Studs have sired many successful litters. But we make no guarantees to the success or quality of any litter they may produce. The Dam

owner acknowledges that the Stud Owner is not liable or responsible for any expenses or problems incurred in association with this breeding
